

under direction of the German General Staff.

In following heavy fighting in the region of the German General Staff, the Russian army advanced against the German line yesterday and it is said to have been broken up and the other forces to withdraw after being defeated.

There is a rumor from Cologne that the German General Staff has ordered the evacuation of the city of Cologne to the east of the city to the direction of the German General Staff.

The "highest German authority" in Rome has denied reports that Germany is considering peace negotiations. From this source comes the statement that the German General Staff has made plans for resumption of the offensive with fresh vigor.

FRENCH REPORT TAKING OF TRENCHES; FIGHTING WITH BOMBS.

PARIS, April 12.—The French troops have not yet resumed their offensive around St. Mihiel, according to despatches from the front to-day. The process of redistributing French regiments for the second phase of the great battle continues. Paris is confident that the next great effort will drive the Germans out of St. Mihiel and send them scurrying back toward Metz.

The official communication from the War Office this afternoon said: "Between the sea and the Alps there is nothing to report except a few artillery duels."

"The east of Berry-as-Hac we gained possession of a German trench."

In the Argonne there were mining operations and engagements of bombs and grenades thrown between our own and the enemy's trenches.

"Between the Meuse and the Moselle our forces succeeded at several points in coming in contact with the wire entanglements of the enemy's defense."

BELGIANS RENEW ATTACKS ON GERMANS; BRITISH IN AIR RAIDS.

LONDON, April 12 (United Press).—Severe fighting has been resumed near the sea coast in Flanders, according to Amsterdam despatches to-day, with the Belgians again attempting to expel the Germans from Driel Oorloos, on the western bank of the Yser. Hand-to-hand combat in the streets of Driel Oorloos and the villages to the southwest are increasing in violence.

British aviators have executed another raid into Belgian territory held by the Germans. They have dropped bombs along the railway line leading from Brugge to Antwerp, returning safely along the coast. The extent of the damage done by the bombardment is unknown.

British troops exploded a mine near Armentieres, killing twenty-nine Germans, according to an official report to-day from Gen. French, covering the operations in the past week. The Germans twice attempted a similar feat, but without effecting any damage. On the whole, the situation along the British front is unchanged.

ONLY 122 PROFESSIONALS OUT OF 1,800 ENLISTED IN NEW FOOTBALL BATTALION.

LONDON, April 12 (Correspondence Associated Press).—Only 122 professional football players out of some 1,800 in the league teams have enlisted in the Football Battalion, which was organized for the express purpose of bringing this class of professional athletes to the colors and of breaking up a sport which is supposed to have a bad effect on the recruiting campaign.

The laxity of football professionals and their following has amounted to almost a public scandal, states Col. C. F. Grantham, commanding the battalion. "I am aware and have proof that in many cases directors and managers of clubs have not only given no assistance in getting their men to join, but have even had their best players to prevent it."

"LONESOME TOMMIE" GETS THOUSANDS OF LETTERS AND PARCELS.

LONDON, April 12 (Correspondence Associated Press).—Riflesman A. C. White, described by a sentimental fellow-soldier in a letter to a London paper as the lonesomest man in the British army, has become the bane of the British army postal service.

White was lying in a hospital near the front, with no one to write to him or to send him presents. But after the pathetic description appeared an extra force of men had to be employed to handle and carry his mail. His letters have now passed the 3,000 mark, and his parcels are numbered by the hundreds.

PERMISSION ASKED TO MAKE REPAIRS UPON KRONPRINZ

Captain of Raider Formally
Requests Inspection Board
Be Named.

THROUGH AMBASSADOR.

"I Am Anxious to Get Back
to Sea," Commander
Says Once More.

WASHINGTON, April 12.—The German Embassy to-day transmitted to the State Department a formal request of Capt. Thierfelder of the auxiliary cruiser Kronprinz Wilhelm for permission to have his vessel examined to see what repairs were necessary to render her seaworthy, and also for permission to have those repairs made.

The request is similar to that submitted recently in the case of the Prinz Eitel Friedrich when that vessel put into Newport News.

Capt. Hoy-Ed, Naval Attache of the German Embassy, reached Washington early to-day after a conference with Capt. Thierfelder.

NEWPORT NEWS, Va., April 12.—Capt. Thierfelder of the German auxiliary cruiser Kronprinz Wilhelm to-day said it might be necessary for the ship to go into dry dock for examination of her rudder and propellers.

"I do not want to delay any more than I can help," Capt. Thierfelder reiterated. "I am anxious to get back to sea."

Collector of the Port Hamilton also took up with the German commander the question of naturalized Americans aboard the Wilhelm as members of the crew. The captain assured him that there was no man aboard who did not wish to be there.

MAGDALENA BAY USED BY ALLIES AS COAL AND SUPPLY BASE

SAN DIEGO, Cal., April 12.—British Japanese and Australian warships and auxiliaries are using Magdalena Bay, Lower California, as a coal and supply base, according to Capt. A. Sommers of the Mexican auxiliary cruiser Eneada, which reached port yesterday from Magdalena Bay.

"Many warships of the allied fleet have been seen in Magdalena Bay," said Capt. Sommers. "According to the natives the war ships were all stripped for action and looked as if they had been steaming on long voyages."

The Eneada entered Magdalena Bay early in March. At that time a two-funnelled cruiser painted lead color and with decks cleared for action, was anchored about two miles from the entrance of the bay. She flew no ensign, but looked to be a Japanese cruiser. She remained forty-eight hours and then steamed out at night. Later the Japanese cruiser Chitose entered Magdalena Bay and coaled from a British collier.

NOTE TO U. S. WAS ORDERED BY BERLIN, AMBASSADOR VON BERNSTORFF SAYS.

Count Von Bernstorff, German Ambassador to the United States, who was in New York to-day, reiterated previous to his departure for Washington that the communication recently handed to the State Department by the German Embassy relative to the observance of neutrality by the United States was delivered by order of the German Government and was not an expression of his own personal views.

"The communication was, of course, delivered by order of my Government," said the Ambassador, "and it simply expressed the opinion of the German Government and the opinion prevalent in the German nation. I was simply the messenger who delivered it."

FRENCH BATTLESHIP BOMBARDS THE TURKS IN PALESTINE TOWN.

PARIS, April 12.—The Marine Ministry issued the following statement to-day:

"Yesterday a battleship, in connection with French seaplanes, bombarded the important Turkish port of Gaza in the neighborhood of Gaza."

The bombardment of Gaza marks the latest developments in a new quarter. Gaza is in Southern Palestine, near the Egyptian frontier. The city lies two miles inland from the Mediterranean and forty-eight miles southwest of Jerusalem.

The Turkish encampment near this city may have been established in connection with the advance of Turkish troops across the Sinai Peninsula to the Suez Canal.

GEN. PAU IS BACK IN PARIS, CONFIDENT THAT ALLIES WILL WIN.

PARIS, April 12.—Gen. Gerald Pau has returned to Paris after a journey to Russia, Serbia and other Balkan States and Italy on a political mission.

"I bring back from my long journey," he said, "the best of impressions and absolute confidence in the final success of the arms of the Triple Entente."

Kronprinz at Newport News and Her Captain Who at 33 Made Daring Record at Sea

ENGLAND AND GERMANY STARTING SCHOOLS FOR THE MAIMED IN WAR

A "One-Armed" School at
Heidelberg and "Blind-
Man" School in London.

HEIDELBERG, April 12 (Correspondence of the Associated Press).—A "School for One-Armed Men," with 35 pupils from the Nineteenth Army Corps, offering instruction in writing, stenography, typewriting, bookkeeping and drawing courses, and a prospective curriculum of vocational courses, has been opened here at the home of Associate Judge Loner.

The latter has placed his home at the disposition of the unique institution and has had it fitted out as a hospital. Thirty hours of instruction are given each week, which is to be supplemented by work under the auspices of the local industrial school. Dr. Freiherr von Kuensberg of Heidelberg University is in charge of instruction.

The thirty-five pupils represent thirty-one occupations and trades, including cigar makers, railway employees, locksmiths and day laborers. All are eager to embrace the opportunity. It has been found that within only a few days the man who has lost his right arm learns to write with his left hand with considerable facility.

LONDON, April 12.—There are already fifty blind soldiers, including three officers, at the home of Otto Kahn, the American banker, at Regent's Park, St. Dunstan's. Mr. Kahn turned his residence over to the Red Cross Society some time ago for the use of the soldiers who had lost their eyes.

The Kahn estate includes about fifteen acres of grounds, with various small buildings which will be used for training rooms and workshops. There is also a small lake on which the blind men will be allowed to row.

The sightless soldiers will receive preliminary instruction in carpentry, boot repairing, mat making, basket weaving, telephone operating, massage, poultry farming and market gardening, an effort being made to find for each man the occupation to which he is best adapted. The cost of running the institution will be met by the Red Cross, the National Institute for the Blind and the Order of St. John.

RUSSIAN MENACE GREATER THAN BRITAIN, SAYS GERMAN EDITOR.

BERLIN (via wireless to Sayville, L. I.), April 12.—In a remarkable leading editorial in the Berlin Tagblatt to-day, Chief Editor Wolf warned the German people against stigmatizing England and calling her Germany's principal enemy.

The Russian menace is much greater than that of British domination, the editor of the Tagblatt asserted. "A friendship with Russia, still strong at the end of the war, would bring Germany only disappointments and humiliations," said Wolf. "Russian expansionism is not limited by friendships and alliances, as the Dardanelles case proves."

NEWEST CASUALTY LIST BRINGS NEUVE CHAPPELLE LOSS OF BRITISH TO 7,835

LONDON, April 12.—(Associated Press).—The casualty list issued to-day of further losses in the fighting last month at Neuve Chapelle is much smaller than those given out previously. It totals 395 men, of whom 119 were killed and the remainder wounded.

This is the seventh list of losses given out by the British authorities on the Neuve Chapelle battle, and it brings the total of killed and wounded up to 7,835 men, of whom 2,422 were killed.

STEAMSHIP WAYFARER, DAMAGED BY EXPLOSION, TOWED TO QUEENSTOWN.

QUEENSTOWN, April 12 (Associated Press).—The British steamship Wayfarer, of 6,322 tons net, recently damaged by an explosion when about 60 miles off the Solly Isles, was towed into Queenstown to-day.

TEN AIRSHIPS TO RAID ENGLAND IN AUGUST, SAYS ZEPPELIN AIDE

He Tells of New Process That
Will Cause "Utmost Per-
turbation."

GENEVA, April 12.—Germany is contemplating a great aerial raid on London, with two squadrons of five Zeppelins each, according to Count Zeppelin's secretary, who was interviewed by the Constance newspaper Nachrichten. The raid probably will be ordered in August, the Count's secretary said.

"Our air fleet now comprises 1,556 units, including nine dirigibles," said Zeppelin's secretary. "Nine Zeppelins which were destroyed during the war have been replaced by others of newer type. By July 15 we will have sixteen new Zeppelins of the armored type, capable of carrying two tons of explosives each and operating under all atmospheric conditions."

"When the Kaiser orders the great offensive, expected in August, we will employ a new process that will cause the utmost perturbation. We will render it impossible for the enemy to cross German lines without enormous losses."

POTATO CROP PLANTED FOR VODKA DISTILLING NOW FEEDING POLAND.

LONDON, April 12 (Correspondence Associated Press).—The prohibition of the use of vodka in Russia saved the people of Poland from starvation by releasing for their use the enormous potato crops planted for the distilleries. In the opinion of Ernest P. Hicknell, who has just returned from Poland, where he went on a tour of investigation for the Rockefeller Foundation War Relief Committee.

The best potato land in Russia is in Poland and the crop was being gathered when von Hindenburg began his march on Warsaw, in the course of which the country was laid waste for miles.

Fortunately for the Poles, the ravages of war did little harm to the great stores of potatoes stored in underground caches. This store now provides practically the staple food for the Poles.

WOMEN CONDUCTORS ON STREET CARS FOR HAMBURG AND GLASGOW.

GLASGOW, Scotland, April 12 (Correspondence of the Associated Press).—Women street car conductors are being tried in Glasgow. The uniform includes a neat blue skirt and coat, edged with gold braid.

If the trial squad of women conductors proves efficient, a considerable number will be employed at once. For the present the women fare-collectors work only four hours a day, running between the University and Dumbreck. They are paid the same wages as men—45.25 to 59 a week.

HAMBURG, April 12.—Hamburg is to install women as conductors on the street cars so that the men may be free to go to war. Berlin already has a number of women car conductors.

RUSSIAN PRINCES ESCAPE FROM A WAR PRISON IN AUSTRIA.

GENEVA, Switzerland, April 12.—Two Russian princes and a Russian count have escaped from the Austrian detention camp at Milowitz. They are Prince Vladimir Jaswili, Prince Michel Wukotie and Count Tolstol, son of the writer.

It is believed that they reached the Russian lines. Count Tolstol is twenty-three years old. A large reward has been offered for the capture of these Russians.

Another Judgment Against Johnson. More trouble piled up for Jack Johnson, former heavyweight champion, when the Supreme Court this afternoon granted an execution of a judgment for \$3,679 in favor of Barney Gerard. Gerard obtained a judgment against the fighter in Milwaukee in 1915, when he accused Johnson of forcing him to pay \$3,500 before the negro would go on with a show in a Milwaukee theatre for which tickets had been sold.

WILHELMINA CASE SETTLED OUT OF COURT

British Government Will Pay for
the Cargo and Set the
Steamer Free.

The case of the American steamship Wilhelmmina, loaded with foodstuffs for Germany and detained since February at Falmouth, England, has been settled. The British Government is to buy the cargo and compensate its owners for loss of anticipated profits in Germany.

Announcement to this effect was made by Norvin B. Lindheim and Charles A. Towne, counsel for the W. L. Green Commission Company of St. Louis, who owned the cargo.

The attorneys said the amount to be paid their clients was to be fixed by a referee, who would be chosen by Ambassador Page and Sir Edward Grey. The prize court proceedings, under which the Wilhelmmina has been detained, are brought to an end.

The Wilhelmmina sailed from New York for Hamburg Jan. 22 with a general cargo of food products. She was taken into custody by the British marine authorities, since when her case has been pending.

GERMANY MUST HAVE A WRONG IDEA OF GOD, SAYS JAPAN'S PREMIER.

TOKIO, Japan, April 12.—Addressing a well attended meeting of Japanese and foreign Christians held in Tokio to-day to inaugurate an evangelistic movement preparatory to the International Sunday School Convention of 1916, Count Okuma, the Japanese Premier, declared Christianity had given Japan, among other things, a nobler conception of womanhood.

Continuing, the Premier made reference to the situation in Europe when he said: "There must be a wrong conception of the Deity in Germany, otherwise this war could not have come."

LIGHTERAGE TRUST SUIT DIES

Court Dismisses Merritt & Chapman Indictment.

The indictment charging the Merritt & Chapman Derrick and Wrecking Company and Isaac E. Chapman and William L. Chapman with conspiracy to violate the criminal provisions of the Sherman law was dismissed as defective by Federal District Judge Neterer.

Judge Neterer in sustaining the demurrer interposed by former Assistant United States Attorney Wier as Counsel for the company followed the rule laid down in the National Cash Register decision of the United States Circuit Court of Appeals.

The indictment charged Merritt & Chapman with conspiring to effect a monopoly of the lighterage business in and around New York.

The indicted New Haven directors are fighting to stave off trial for the very reasons cited in the sustained Merritt & Chapman demurrer.

Mrs. McLaughlin's Daughters Her Administrators

Surrogate Ketchum in Brooklyn this afternoon granted letters of administration for the estate of the late Mrs. Sarah E. McLaughlin, widow of Hugh McLaughlin, for many years leader of the Kings County Democracy, to her daughters, Mrs. Ellen A. Courtney and Mrs. Laura J. Roach. Inasmuch as they own jointly real estate worth more than \$300,000, no bond was required. Mrs. McLaughlin left realty worth \$18,500 and personal property amounting to \$55,000 and a third interest in the estate of Hugh McLaughlin, of which the amount was not stated, but is believed to be over \$50,000.

Van Cortlandt Links Open Thursday.

The Park Department of Bronx County announced to-day that the golf links at Van Cortlandt will be officially opened to the public on Thursday next.

GERMANY PROTESTS IMPRISONMENT OF SUBMARINE CREWS

Asks Gerard to Investigate
Condition of Undersea Fight-
ers Held in Britain.

JAILS 39 BRITISHERS.

Denies "With Loathing" Charge
Germans Did Not Try to
Save Drowning.

LONDON, April 12 (Associated Press).—The text of the note presented by the German Foreign Office to James W. Gerard, the American Ambassador to Germany, on the subject of submarine prisoners is contained in a despatch received from Berlin to-day by Reuters' Telegram Company. The text reads as follows:

"The German Government has learned with astonishment and indignation that the British Government regards officers and crews of German submarines not as honorable enemies and, accordingly, treats them not as other prisoners of war, but as ordinary prisoners."

"These officers and crews acted as brave men in the discharge of their military duties and, therefore, they are fully entitled to be treated like prisoners of war in accordance with international agreements."

"The German Government therefore enters the strongest protest against a measure which is contrary to international law and sees itself, at the same time, regretfully compelled immediately to execute the reprisals announced by it and subject to similar harsh treatment a corresponding number of English army officers who are prisoners of war."

"When, moreover, the British Government sees fit to remark that the German navy in contrast with that of the British failed to save shipwrecked men we can only reject with loathing the insinuation that such a rescue was possible for German ships but was wilfully neglected."

"The undersigned begs the Ambassador to convey this information to the British Government and to also take steps to secure for the American Embassy an opportunity personally to inquire into the treatment of German submarine prisoners at present."

"Further proceedings regarding the British officers who have been provisionally placed under officers' arrest will depend upon the treatment of the German prisoners."

"Accordingly to-day thirty-nine British officers were imprisoned in the military detention barracks."

The transfer of the cargo will take place as soon as the referee has been agreed upon. The ship herself will then be free to proceed immediately, as there is no action against her.

BOMBARDMENT BY VILLA OF MATAMOROS BEGUN

Fire Directed So That Shells Will
Not Fall Into Brownsville,
Across the Border.

BROWNVILLE, Texas, April 12.—The long expected bombardment of Matamoros, Mexico, by Villa artillery began to-day and the direction of fire and its comparative accuracy brought distinct relief from fears for the safety of Brownsville.

One three-inch field piece opened the bombardment and later a second gun joined in. About two dozen shells were fired up to noon. The cannon were hidden in the bushes about a mile and a half from the trenches west of Matamoros. One shell exploded near the American Consulate.

The direction of the fire was such that, no matter how far the cannon overhauled the shells would not carry into Brownsville.

The cause of the bombardment was a sortie of about 1,500 Carranza soldiers and infantry, who, early in the forenoon, poured over the twelve foot embankment of the western end of the International Bridge toward Las Cruces, the headquarters of Gen. Jose Rodriguez, commander of the Villa forces, four miles distant. The Mexican end of the International Bridge was closed and a tight censorship put on Matamoros.

Col. A. P. Blockson, commanding the post here, stationed himself on the International Bridge during the cannonading. Cavalry patrols held spectators back about a mile from where bullets might be expected.

NO MORE SCHNAPPS IN GERMANY UNTIL THE WAR IS ENDED.

Not a Temperance Measure, but to
Conserve Supply of Alcohol.

BERLIN (via London), April 12.—From an authoritative source it is learned that the Imperial Government will shortly issue a decree prohibiting the sale of distilled liquors in saloons.

"Schnapps," a traditional drink of the German workman, will thus be unavailable until the war is ended. The decree which is to enforce this proposed sweeping measure is being worked out now.

The order is not to be a temperance measure, however, but is made necessary to conserve the supply of alcohol.

FRENCH HURLING MORE GAS BOMBS, CHARGE IN BERLIN

German War Office Reports
Repulse of Attacks in
Region of Verdun.

RAIDS OF THE AVIATORS.

Shells Dropped on Village in
Belgium Now Occupied
by British.

BERLIN, via London, April 12.—The German Army Headquarters to-day gave out the following announcement:

"The French assert they dropped 100 bombs on the railway station and near the beach at Ostend and on a foundry at Brugge. As a matter of fact nine bombs fell in the neighborhood of Ostend and two in Brugge, without doing any damage. In return we dropped numerous bombs during last night on the villages of Poperinghe, Hazebrouk and Kassel, which are occupied by British troops."

"At Hergobat French troops penetrated into one of our trenches during the night, but were immediately repulsed. An attack by aviators of the enemy in a region to the east of Rheims resulted in failure. To the northeast of Stuppe shells developing asphyxiating gases again were used against us."

"Between the Meuse and the Moselle the French continued their attack at certain places with great ferocity, but without success. Three attacks during the early morning at Malzeville, near Verdun, broke down under our fire with very heavy losses. Attacks were commenced during the afternoon and evening at Marcheville, southeast of Malzeville, during which the enemy brought up strong columns. They came to an end with the same result. An attack was begun at daybreak against the front between Malzeville and Marcheville, but was repulsed with very considerable losses to the enemy."

"In the forest of Le Pretre fighting at close quarters took place throughout the day and night of yesterday, during which we gained ground slowly."

"A French attack last night at a point south of Hartmannsweilerkopf was repulsed."

WASHINGTON, April 12.—President Wilson has been given no information regarding the plans of Gen. Huerta, he told callers to-day. The President said he was not in the confidence of the former Mexican provisional President and did not know whether he would come to Washington.

GAG RULE IN THE SENATE.

Democrats Shut Off and Conserva-
tion Bill Rushed Through.

ALBANY, April 12.—The amended Conservation Reorganization bill reached Gov. Whitman to-day after it had caused one of the hottest fights of the session in the Senate. During the wrangle over its final passage the "gag rule" was applied, effectively shutting off debate from the Senate Committee.

It is practically certain that George D. Pratt, a wealthy Brooklynite and corporate officer, will be appointed as head of the new Conservation Commission.

A hearing on the Full Crew Bill, set for to-day, was postponed until to-morrow.

STATE DOINGS AT ALBANY.

ALBANY, N. Y., April 12.—Assemblymen who are not present when their bills are reached on the Assembly calendar now find their measures recommended to the Rules Committee.

The Senate Banking Committee has reported favorably the Marshall Bill, designed to permit national and State banks to act as executors and trustees.

A hearing on the Full Crew Bill, set for to-day, was postponed until to-morrow.

An enabling act which will allow the extension of the Erie and Rapid Transit Lines by the acquisition of railroad property was called up in the Senate to-day. The bill provides for the acquisition of the railroad from Corona to Flushing.

LOST, FOUND AND REWARDS.

SWENEY.—On Monday, April 12, at his residence, 159 W. 62d st., GEORGE son of the late Patrick Sweeney, Reunion high near St. Paul's Church, 60th st. and Columbus av. Burial Wednesday at 10 o'clock.
